Chlorine**

How To Use

1 Test Free Chlorine and pH levels before application

2 Place tablets directly into the pool skimmer, floater, or tablet feeder

3 Allow tablets to dissolve gradually for continuous chlorine release

Storage & Disposal:

Store in a cool, dry, well-ventilated area away from direct sunlight and moisture. Keep out of reach of children and pets.

Caution:

Avoid direct contact with skin and eyes. Never mix chlorine tablets directly with other pool chemicals. Add chemicals separately and follow dosage guidelines at all times.
