

# ZYAX CAUSTIC SODA

Zyax Caustic soda, often referred to as sodium hydroxide, is a potent and useful product that can be applied to a wide range of problems. It is frequently used as a drain and sink cleaning, as a foundational component in soap production, and as a chimney cleanser. Due to its high alkalinity, it is efficient at dissolving and dissolving grease, hair, and other organic material that can clog pipes and drains. In addition, it is used in the manufacture of paper, textiles, and other industrial products.

## USE FOR:

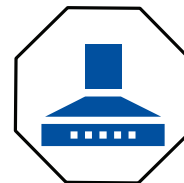

Sink

Drain Cleaning

Soap Making

Chimney Cleaning

## HOW TO USE:

### Drain Cleaning:

Add 3-4 spoons of Caustic Soda and pour in some hot boiling water.
